

NEURA Litepaper v1.0

AI-Powered Learn-to-Earn Ecosystem

1. Overview

Neura is an AI-powered learning ecosystem where users earn NEURA tokens by completing short AI-generated micro-lessons. Neura transforms education into a rewarding habit through adaptive learning, streak rewards, and token incentives.

2. Vision

A world where learning is accessible, personalized, and financially empowering.

3. Mission

Unlock human potential by merging AI-driven education with decentralized incentives that reward consistent personal growth.

4. The Problem

Digital learning often lacks engagement, personalization, and incentives. Users receive no tangible rewards for progress and struggle to stay motivated.

5. Neura's Solution

Neura introduces personalized learning powered by AI and reinforced by token rewards. Each lesson adapts to the user, streaks boost engagement, and the NEURA token provides a meaningful incentive layer.

6. Core Features

• Personalized AI lessons • Instant quizzes • Structured skill paths • Streak-based reward multipliers • AI tutoring assistant • Creator marketplace (future)

7. Token Utility

NEURA serves as the learning incentive and utility token. It can be earned through progress, spent on advanced AI tools, used to unlock premium content, and allows users to participate in governance-lite voting.

NEURA Litepaper v1.0

AI-Powered Learn-to-Earn Ecosystem

8. Tokenomics

Total Supply: 500,000,000 NEURA • 50% Learn & Earn Rewards • 20% Development • 15% Liquidity • 10% Team (Vested) • 5% Partnerships

9. Technology

Neura is built on Solana for fast, low-cost transactions. AI systems generate lessons, adjust difficulty, and analyze retention. On-chain modules manage rewards securely.

10. Roadmap

Phase 1: Token launch & foundation Phase 2: AI learning core Phase 3: Skill paths & creator tools Phase 4: Community AI training Phase 5: Mobile app Phase 6: Global expansion

11. Conclusion

Neura merges adaptive AI learning with blockchain-based incentives, creating a new educational economy where personal growth is rewarded. Neura is building the future of learning.
